Senate Ways and Means

An Act relative to the used vehicle record book

Authorizes licensees who sell used motor vehicles or motor vehicle parts, including class 1 licensees, and who are required to keep a book of transactions under GL 140:62, to keep an electronic record of such transactions, without keeping duplicate sets of records; authorizes the registrar of motor vehicles to require licensees to make specific used motor vehicle records, as well as records relating to any used vehicles on the premises or acquired, sold or traded during the prior 7 days, available through a print out. . (New draft of SB1982. The new text authorizes, but does not require an electronic record, and regulates the disclosure of used vehicle record information by printout.)
